Pitkin County (outside of municipal jurisdictions) places limits on what property owners can do on their property. These zoning limitations are put in place for a community benefit. In the following questions we would like you to give us your opinion of the community benefit of each of the land use policies. An answer of 1 means you think there is currently little community benefit and an answer of 5 means you think there is currently great community benefit.

88	Pitkin County maintains 111 miles of paved roads and another 153 miles of dirt and gravel roads. The average current condition of our county roads was ranked "fair" in the recently completed Pavement Management Report. Road maintenance and construction costs have increased at 14% per year since the year 2000, while county revenues have increased 5% per year. In order to maintain roads in the fair to good condition to which we are accustomed, Pitkin County must raise more revenue. Would you support a Property Tax increase of approximately \$152 per \$1 million of residential property market value?	109	31.14%	1 Not Supportive
